## **Notice of Personnel Appointment and Organizational Reform**

Dexerials Corporation (Headquarters: Shinagawa-ku, Tokyo, Representative Director and President: Yoshihisa Shinya; hereinafter called the “Company”) will appoint executive officers, business unit heads and division heads, as well as carry out organizational reform as described below effective as of April 1, 2021.

The appointment and organizational reforms are to realize the Mid-term Management Plan and aim for sustainable growth of the Company by promoting growth strategies as well as enhancing its corporate administration and business management functions.

Specifically, the Company will rename the Management Strategy Division to the Corporate Strategy Division and integrate the information system management function with the division to build a framework that strengthens the management base, develops and implements the growth strategies, as well as promotes company-wide digital transformation activities. In addition, the Company will reorganize the Corporate Planning & Control Division and integrate its corporate administration function with the business management function of each business unit, which is an organization for overall control of the both functions from a company-wide perspective.

Further, the Company is aiming at continuously promoting a shift of management team to the next-generation, and appoint a new business unit head from within the Company.
